From the desk of the Commander

September is one of those months that reminds people Christmas is coming. It is the first month of the “ber’s”. The weather starts to get a little cooler; unless mother nature gets mad and keeps us sweating in the heat. Fall is right around the corner. Football starts back up with all the college games on Saturday and the NFL on Sunday. Or lately college games on Thursday, Friday and Saturday; and NFL on Thursday, Sunday and Monday. I can remember when Friday was reserved for High School Football but that is probably best kept for another time.

September also includes the day most of us can remember as one of the worst days our country has seen next to Pearl harbor Day. You all know that we were attacked by terrorists at the New York twin towers, Washington DC at the pentagon, and the plane that was taken down by hero passengers in Pennsylvania. The crashed plane definitely brings up a lot of debate as to where it was going and we will probably never know with certainty its destination.

For many, this horrible event led to an increase in military recruiting. We all served honorably and did what we had to do to get the job done. Not all of us were in direct combat, but all of our jobs were important. While we served, we developed a bond with our fellow service members that is just like being a brother or sister. We would do anything for each other and we looked out for our buddies. This is one reason most of us joined The American Legion. We are able to develop the bond that we had while serving our country. We may not have performed the same job or even served together, but we all know what the other went through and can share in the experiences or as us Navy folks call it, share some sea stories.

This bond is also one reason The Legion’s “*Be The One*” campaign is so vital. We all have heard the reports of 22 veterans a day that commit suicide. This is an unacceptable number that we can help reverse. The comradery that brought us to join The Legion can be used to help “*Be The One.*” When talking to a fellow veteran listen to what they are saying. If they are in a bad way make sure and let them know that you are there for them to talk. If you haven’t heard from one of your buddies give them a call just to check in with them. It may not be a bad thing that they haven’t been in touch, but everyone likes to get a call and realize someone is thinking of them. This is one of the reasons for the Legion’s Buddy Check program; not just to prevent suicide but to let people know someone is thinking about them. If you encounter a buddy or a veteran that is in need of help you don’t have to be the one to fix them but be available to talk with them when they are going through a rough patch. When doing this for your buddy don’t forget about yourself. As always if needed call the Veterans Crisis Line (see number above).

Once again, I thank you for all you do to help veterans and our Post.

Marvin Weaver, Jr.

Legionnaires; As you complete your renewals this weekend, please pay attention to the following:

In the lower right corner of your renewal reminder is a notice that even though you renew now, it is still possible to receive another renewal notice. If you do get another notice just disregard it. There is no need to let me know unless you have renewed over 3 weeks ago and you still have not received your 2024 card. Then contact me and we'll look into it.

The information we have on our roster is printed on the back. If any of it is incorrect just line it out and correct it, and if any is missing, please add it in and return it with your dues. If you have a MyLegion account, you can make changes there also. (If you do, please let me know)

RENEW! RENEW! RENEW!!! We are at 50% now – keep the momentum going! Everyone who joins or renews on/before October 15th, gets a free meal at our Early Bird dinner on Friday, October 20th!!! Remember - the easiest way to stop receiving renewal notices is to send in your renewal now. There are several ways that you can send in your renewal. You can send a check by mail to 3613 Jeannine Drive, Colorado Springs, CO 80917; bring it to the Post in person and give it to our Adjutant, Doug Millison (He is processing memberships on Tuesdays); or renew through the national website. If you register through the national website, you can check auto-renew and all renewal notices will cease as long as you keep your method of payment current. We have a link on the Post website for all options and a form to submit if you have questions: <https://legion209.org/renewlegion/>. The best time to renew is right now as you are reading this!!!

If you haven't been by the Post recently, swing by and check out the new fence! If you remember from the July membership meeting, Gunnar Foley, one of our Scouts from Venture Crew 762, pitched funding for his Eagle Scout project. On 5 August, Gunnar started and completed his project, which enclosed an area at the South and Southwest portion of the lot with a six-foot privacy fence to provide secure storage for our trailer and other items. This is a super addition to our Post property. Gunnar and his fellow Scouts and unit their leadership did an AWESOME job on the project – it looks professionally done!

The baby shower we have been working on all year is finally happening on the 16th. If you are available, we would love to have you come in to help, visit, & participate. This is the first time we have done such a large event like this so any participation we can get will be helpful.

We are still collecting new baby items in the box located next to the ATM in the Entry at the Post. We will be collecting items up until the night before the Baby Shower on the 16th.

At the end of September on the 29th, we will be co-hosting the Victory Service Dogs Fundraiser dinner. Once again, we will be asking for assistance with everything from set up, cooking, cleanup, helping at the puppy adoption booth, or helping at the puppy kissing booth which is going to be a new addition this year. We are asking Rufus Senter to be our Post Mascot/VSD Ambassador for this event again this year with his "official" signature on the adoption certificates.

To all of our members who celebrated birthdays in both August & September, I hope you all had/or will have, a FABULOUS birthday!!!!

We've Changed!

After more than 12 years serving our Post and community and as Club Manager, Art Kimbrel is stepping aside to allow others with a strong desire to serve. His duties are being split up among several people, and Art will still be engaged to serve as advisor and to mentor the folks who will be taking over his responsibilities. A couple of the big changes are in food service and rentals. Kellie Hayes is taking over meals and Royce Hopper, along with Jackie Bowen will handle Post rentals.

Kellie has some great ideas about meals that you will see and hear about in the very near future. She will also be looking to you, our members for ideas and possibly even serving as "guest chef" if desired.

Mere words can't adequately express our appreciation and gratitude to Art for his many years of service. He has been key to our continued growth, and the care and maintenance of our Post home, and we're extremely happy he will be staying on to mentor and train his replacements. He will also continue to serve our members as the Post Executive Committeeman. The primary purpose for that position is to ensure our Post members are represented as decisions are made by our Post Executive Committee.

Stay tuned to The Centennial, our Facebook page, and our website to find out what we're doing. You'll like it!

From our Chaplain

Colossians 3:14 (Amplified Bible):

Beyond all these things put on and wrap yourselves in [unselfish] love, which is the perfect bond of unity [for everything is bound together in agreement when each one seeks the best for others].

Who can forget where they were on September 11, 2001. It was a day that defined our generation. It is hard to believe it has been 22 years since the events that unfolded that day. Americans still remember 9/11 with tear-choked tributes and pleas to "never forget" after all these years. It was one of the deadliest terror attacks on U.S. soil.

"It took a tragedy to unite us. It should not take another tragedy to unite us again," said Andrew Colabella, whose cousin, John DiGiovanni, died in the 1993 bombing World Trade Center bombing that presaged 9/11."

I remember people gathering along roads waving American flags. Neighbors checked on each other to make sure they were OK and to lend a helping hand or a listening ear to each other. Patriotism was evident at sport gatherings, etc., while we as a nation joined together to mourn and honor those who were lost. Stories of heroic events were shared about those who sacrificed their lives that day and about how providence directed some not to be at the Twin Towers that day. People were united by the horrific events that unfolded back in September 2001.

Yet, today, our country is so divided. Unity is hard to find. We are divided in so many arenas and it is hard to find common ground. God forbid that we must face another national tragedy to again unite as a people that cherish the freedoms on which our great nation was founded.

What are we to do?

I submit for your consideration that our starting point is to try to bring unity in our individual spheres of influence. Be a neighbor to those in your life. Our Heavenly Father desires us to live in unity with one another, so it is important to make every effort to live together in harmony with everyone. Regardless of beliefs and differences, we are encouraged to do all in love. Life is messy,

relationships are messy. Times of stress can strain relationships and we end up hurting each other and destroying the unity we have worked hard for. However, let us fight together toward living in peace and harmony. Let us exercise patience, kindness, and love through actions and words.

Scriptures encourage us to lean towards unity among all nations and people through how we treat others with whom our lives intersect.

We are encouraged in Philippians 2:3 (Amplified Bible):

Do nothing from selfishness or empty conceit [through factional motives, or strife], but with [an attitude of] humility [being neither arrogant nor self-righteous], regard others as more important than yourselves.

We can stand together as children of God to remember and mourn those who were lost on 9/11 and in the battles that followed.

We can purpose in our hearts to honor those who have served since 9/11 and the sacrifices they have made.

Many have fought for our freedom as they served for our country and in our communities to keep all safe.

This is why September is to celebrate and to remember those lost their lives and those who have wounds that still affect them today.

Pray for those who mourn.

Make individual choices to try to restore unity with those who you “do life” with.

Let us pray that we will not have to face another tragedy to unite us, but that we can find unity with one another despite our differences.

Let it begin with me.

If you have any spiritual needs (prayer, praises, blessings, death in family, etc.) I am here for you. If you just need someone to talk with for any reason, I am here for you. I don't have to know you or your family. Just reach out to me at bob.odonnell@comcast.net or 719-432-6018.

From our Post Historian

The third Friday in September (15 Sep 2023) is designated as National POW/MIA Recognition Day to honor those American servicemembers who were captured as prisoners of war and returned, in addition to those who remain missing in action. The purpose of the day is to ensure that Americans remember to continue the effort to account for those who served and sacrificed, and never have returned from our nation's wars.

Private First Class Thomas Michael Hanratty, born 19 June 1946 in Beulah, CO, served with Marine Medium Helicopter Squadron 265, Marine Air Group 16, 1st Marine Air Wing, during the Vietnam War.

On 11 June 1967, PFC Hanratty was a crewmember aboard the lead CH-46 Sea Knight helicopter in a flight of four (one other CH-46 and two UH-1 Iroquois) on an insertion mission to land a patrol of Marines in hostile territory

north of Cam Lo, Quang Tri Province, South Vietnam. The gunships made low strafing runs over the landing zone to clear booby traps and to locate any enemy troops in the area. The lead CH-46 then took intense enemy small arms fire while at low altitude. Portions of the rear blades were seen to separate from the aircraft and a radio transmission was received from the aircraft indicating that it had been hit. The helicopter became inverted and continued out of

control until it was seen to crash by a stream in a steep ravine. Personnel in other helicopters in the flight believed that there could have been no survivors. Searchers repeatedly attempted to reach the crash site over the next two weeks, but enemy forces prevented them from doing so until 30 June, when they found no evidence of survivors and no remains.

Today, Private First Class Hanratty is memorialized on the Courts of the Missing at the National Memorial Cemetery of the Pacific, at Fort Logan National Cemetery, and the Vietnam Veterans Memorial in Washington, D.C.

Thank you for your service, Thomas. You are not forgotten.

“That was one day in my life and it happened a long time ago.”

--Medal of Honor recipient William Crawford

This month we look at the story of a local WW2 hero who earned the Medal of Honor in September 1943. Many veterans in Colorado Springs may be familiar with the name William “Bill” Crawford, namesake of the Crawford House, which operated from 2001-2022 as a homeless veterans’ resource center. William J. Crawford, born 19 May 1918 in Pueblo, CO, enlisted in the U.S. Army in 1942 and served as a private with the 36th Infantry Division during the September 1943 Allied landings at Salerno, Italy.

Private Crawford was serving as squad scout on 13 September 1943 when his platoon attacked an enemy-held position near Altavilla, Italy. After reaching the crest of a hill, the platoon was pinned down by intense enemy machine-gun and small-arms fire. Locating one of these guns, which was dug in on a terrace on his immediate front, Crawford, without orders and on his own initiative moved over the hill under enemy fire to a point within a few yards of the gun emplacement and singlehandedly destroyed the machine gun and killed three of the crew with a hand grenade, thus enabling his platoon to continue its advance.

When the platoon, after reaching the crest, was once more delayed by enemy fire, Pvt. Crawford again, in the face of intense fire, advanced directly to the front midway between two hostile machine-gun nests located on a higher terrace and emplaced in a small ravine. Moving first to the left, with a grenade he destroyed one gun emplacement and killed the crew; he then worked his way, under continuous fire, to the other and with one grenade and the use of his rifle, killed one enemy and forced the remainder to flee. Seizing the enemy machine gun, he fired on the withdrawing Germans and facilitated his company's advance. Crawford and three others in the 36th Infantry were recommended for the Medal of Honor.

Following the battle, Crawford was reported missing in action and presumed killed; his father received his son's "posthumous" Medal of Honor in 1944.

Only with the Allied liberation of German POW camps in 1945 was it learned that Private William Crawford was indeed captured by Germans in September 1943 and held prisoner for the remainder of the war. Crawford remained in the U.S. Army and retired in 1964 as a master sergeant. He then quietly, humbly worked for many years as a janitor in the cadet dormitories at the U.S. Air Force Academy, until one day a cadet "discovered" that their unassuming custodian Mr. Crawford was, in fact, a WW2 war hero and Medal of Honor recipient.

When it was learned that William Crawford had never formally been presented his award, Academy leaders arranged for a formal ceremony as part of the 1984 USAFA graduation. The commencement speaker that year was President Ronald Reagan, who during the ceremony remarked, "...nearly forty years have gone by and it's time to do it right!" as he fastened the nation's highest military honor around Crawford's

neck.

When he died on 15 March 2000, MSGT William Crawford was buried at the U.S. Air Force Academy Cemetery, the only non-Air Force veteran to receive that distinction.

On another note, “Helping legal immigrants prepare for citizenship and assimilation into American society is in the best interest of our nation and has been a long-standing and proud tradition of The American Legion since its founding.” – *Mark Avis, Americanism Commission Chairman.*

We, as members of the nation’s foremost veterans service organization, can powerfully demonstrate our commitment to American values and instilling individual obligation to the nation by celebrating with our community’s newest U.S. citizens as they pledge their allegiance “to support and defend the Constitution and laws of the United States of America.” Our participation at the next citizenship naturalization ceremony in Colorado Springs will show our support for legal immigration and pride in citizenship by gifting each new American citizen with their first U.S. flag! Your gift of \$25 will sponsor one all-weather U.S. flag and U.S. flag etiquette booklet to a new U.S. citizen. You can also include a sponsor note of congratulations if you wish. See the flyer on page 18 in this edition of *The Centennial*. Thank you in advance for your support of this initiative – please contact Kurt Skinner to reserve your flag today.

From our Color/Honor Guard Captain

The team has unfortunately seen the loss of multiple members due to moving out of the area or being dropped due to inactivity. The loss of two very active members in March and July has had a big impact on the team’s ability to support events, especially Final Honors. In that time, we have only had one new member join the team. The team continues to support events with the personnel available, to include providing additional service when possible. The Honor Guard is fortunate to have personnel that can provide support when requested with Chaplain services, the playing of TAPS on the bugle (non-recorded), and the playing of bagpipes. This, along with the team’s overall dedication, makes the Post 209 Honor Guard a truly remarkable team.

The Honor Guard needs to gain more new team members in order to ensure we are able to continue supporting our veterans and our community. Understandably, not everyone has much time to participate in the Honor Guard. In reality, all someone needs are a few available hours: about an hour to participate a night for a training meeting (check the newsletter calendar or the calendar on the Honor Guard website - <https://legion209.org/honorguard209/>) and up to a couple of hours for an event. So around three hours a month for a meeting and just **ONE** event is all you need to make a difference in helping support our veterans and our community. Members of The American Legion, the Sons of The American Legion, and The American Legion Auxiliary are all eligible to be members of the Honor Guard with all uniform items provided except Legion

family-specific cap and shoes. If you or someone you know might be interested in supporting the Honor Guard, please reach out to me at: (719) 482-4496 or honor.guard@legion209.org.

From our Junior Shooting Sports Team

The Young Guns Basic Course provides youth ages 10-18 years old (boys and girls) the opportunity to learn about firearms safety and basic shooting skills. During Young Guns, NRA Basic Rifle Instructors teach the safe handling of firearms, shooting positions (prone, kneeling, and standing), how to zero a rifle, and how to score targets. At the end of the course, the youth have a competition shoot against the others in the course in order to show off the skills they have learned. The Marksmanship Course provides graduates of Young Guns the opportunity to further develop their shooting skills.

On August 5, 2023 the first Young Guns Air Pistol Basic Course was held. Select students who have achieved Sharpshooter in the NRA Air Rifle Qualification program were invited to participate in the Air Pistol Basic Course. The course teaches the basics of air pistol shooting to include history, safe handling and use (including special instructions applicable to air pistols), shooting positions, targets and scoring, NRA Air Pistol Qualification program, and additional opportunities outside of the Post 209 JSSP. The three students who attended and completed the course have been invited to shoot for qualifications under the NRA Air Pistol Qualification program during a pilot offering for air pistols in the Fall 2023 Marksmanship Course. The JSSP instructors are looking forward to seeing Aloena, Ben, and Ellie shooting air pistols during the Marksmanship Course and helping shape the potential future of air pistol courses in the future.

The JSSP needs your assistance to continue to provide the quality training opportunity to our local youth. Due to the loss of several instructors over the last couple of years, we need more instructors now more than ever. There are three courses required to become an instructor for the Post 209 Junior Shooting Sports Program: NRA Basic Rifle Course, NRA Basic Instructor Training (BIT) Course, and NRA Basic Rifle Instructor Course. In an effort to help reduce the costs associated with taking the courses, an NRA Basic Rifle Instructor Course has been offered a couple of times without the minimum of four students signing up. Another course will be scheduled in early January, with the date to be announced in early November. An NRA BIT Course and NRA Basic Rifle Instructor Course are being worked out in coordination with a Post 209 member and local Scouting instructors, with the costs yet to be determined (though expected to be much lower than the standard costs in the area). Please feel free to contact me for more information on what an instructor's duties are for each course, the costs of becoming an instructor, or any other questions you may have about the program. If you think that you might be interested in becoming an NRA Basic Rifle Instructor, feel free to come and observe the Marksmanship and/or Young Guns Courses starting in September (see dates/times below).

The Fall JSSP courses are taking applications for the Marksmanship Course starting Wednesday September 6th (4:45pm – 6:00pm, 5:45pm – 7:00pm, or 6:56pm – 8:00pm) and Young Guns Basic Course starting Thursday September 7th (6:15pm – 8:00pm), with a cost of \$30 per youth shooter for either course. If there is a youth interested in learning how to safely handle a firearm and basic shooting skills, they are invited to sign up for the Young Guns Basic Course. If there is a youth that has already completed Young Guns, they are invited to sign up for the Marksmanship Course. Please go to <https://legion209.org/young-guns/> to download an application, complete the application, and send it to Jesse Wade (jssp209@gmail.com) to sign up for either class. Please feel free to reach out to Jesse or myself (jwahas.al209@gmail.com) with any questions you may have regarding the Junior Shooting Sports Program.

Its September 11, 2001 and I am sitting in the kitchen of fire station 10 watching the events unfold. You could hear a pin drop during these events. As we watched the towers collapse, we could hear the sound of the Personal Alert Safety System (PASS) devices going off. These are to notify other firefighters that a firefighter has not moved and needs help. That sound is forever ingrained in my mind and will never go away. That moment we knew that world would never be the same. I left the kitchen and lowered the flag.

After the attack, I offered to help with many honor guard activities in New York for the fallen. There were just not enough local members to cover all the funerals. I was honored, and met many new friends and families that suffered tragedies on that sad day.

When the attacks happened, I knew nothing would be the same. I heard many people say that is the day they joined the military. These are the same people I have the opportunity to work with now at The Legion. These people served their country with many going to war. They are now some of the veterans we honor.

September 11 is a day that changed our country, and the lives of so many people. This is a day that can never be forgotten. This year, get out and attend an event paying tribute to those that lost their lives on that day, and remember how it changed the world. Never Forget.

From our American Legion Riders

September wraps up the summer motorcycle riding season. Many motorcycle riders consider Labor Day the end of the riding season and get their bikes ready for winter storage. NOT ALR 209. We ride pretty much year-round, weather permitting. In fact, we have the Neal Thomas Jr Memorial Run on Saturday, 24 September (All 209 members and All modes of transportation welcomed). We will also participate in multiple Toy Runs to collect toys for kids in the Pikes Peak Region (October-November).

Below you will find the next installment of the Rider of the Month. This month the spotlight is on Terry “Cyclone” Buxton. Terry and his wife Jennifer (Road Name-SCRAPPY) have been active members with ALR 209 for over a year. Both are loyal Indian Motorcycle riders and have both recently upgraded their rides. Cyclone has single handedly taken our disorganized ALR 209 supply program and turned it into a first-class operation. He has inventoried and determined accountability of all our ALR property/sensitive items while creating a hand receipt process to issue property and maintain accountability of all ALR 209 items.

The September 2023 American Legion Rider of the Month

NAME: Terry Buxton

ROAD NAME: Cyclone

(Name given by Royce & Kellie due to his HVAC career)

RIDES: 2023 Indian Pursuit Dark Horse Premium ICON

YEARS IN ALR: 1 Total in ALR 209

PART OF: American Legion and American Legion Riders

OFFICER: Logistics Officer, Assistant Sergeant at Arms

DETAILS: Terry “Cyclone” Buxton has been riding motorcycles since he was a teenager growing up back in Ohio. He blames his uncle for his motorcycle addiction who was his motorcycle mentor that taught him to ride bikes. After High School, Terry enlisted in the United States Army. He Served as a Military Police Officer for 7 years. He then continued his law enforcement career in the civilian sector as a Deputy Sheriff with the El Paso County Sheriff’s Department. In 2020 he decided to change direction and learn HVAC. He is currently a Journeyman in the commercial HVAC industry.

FUNDRAISER INFORMATION

Walk of Honor

- **What are the costs for the individual bricks?** Prices vary depending on size, style, and lettering desired but typically range from \$90 to \$200, depending on size.
- **What are the costs for the corporate/veteran supporter bricks?** Again, prices vary depending on size, style, and lettering but typically range from \$250 to \$500.
- **What is the difference between individual and corporate bricks?** Individual bricks are for veterans and family members wishing to purchase a brick to honor their veterans. The corporate bricks are for our veteran-friendly supporters and businesses who want to show their continued support for our nation's heroes by purchasing a brick.
- **Is the brick purchase restricted to members of the Post 209 families?** No. We encourage members to buy a brick for themselves for their veteran loved ones or to show their support for our veterans.
- **Where do I go to buy a brick?** We have a link on our website. Just visit legion209.org and click on "Walk of Honor." Or, you can visit <http://polarengraving.com/ALPost209> to buy your brick. The site is user-friendly and will walk you through the design and purchase. In addition, you will see a preview of your brick before finalizing the purchase.
- **How do I pay for the brick?** We have the site set up to accept payment via PayPal or check. PayPal is an extremely safe way to purchase a brick, and you don't need a PayPal account to use it.
- **Where will the brick be shipped?** All bricks will be sent to the post. We will notify you when it arrives, and you are welcome to stop by and see the brick you have purchased.
- **What will become of my brick?** It will be placed near the flagpole at the post. If you are a landscaper or know a good one (preferably a veteran), have them contact our Adjutant.
- **How long will this fundraiser effort last?** We plan only to sell as many bricks as needed for the first phase of the landscaping project.
- **Will I have an opportunity to buy a brick later?** Quite possibly, depending on what is decided/approved for the next phase of our project.

Order your brick(s) now to ensure you get one in Phase One of our projects. If you buy multiple bricks, let our Adjutant know, and we will ensure they are all placed together.

Bringing A Little South to the West

If you've read many of my offerings, you may recall I often cite growing up in a suburb of Memphis, but I also frequently write about the time we spent helping our grandparents on their farms in Arkansas. This month I want to tell you a little about Cherry Valley, Arkansas.

Neither of my grandparents lived in town; both lived on and worked farms outside the little village of Cherry Valley. The exception was that Maw Maw (Mom's mother) moved into town after Paw Paw passed. She didn't want to live by herself on the farm, and I suspect there were just too many ghosts of my grandfather living in that house.

When our grandparents lived there, Cherry Valley was a town of about 350 residents on Arkansas Highway 1 about 15 minutes north of Wynne. I doubt it has grown much since that time. Most of the stores were lined up on Main Street, with just a few others as you entered the town limits. The stores consisted of the typical retail variety of the day; a feed or tack store, which served the farmers and ranchers with much needed stock and livestock and basic hardware supplies, a grocery store, a general mercantile store, and a gas station. There were a few others like clothes stores, but we never ventured into those. Our main interest was food, and of course, candy! For toys, we'd have to travel to Wynne and visit the Ben Franklin 5 and dime.

My favorite store was Holcomb's grocery. It was located about mid-way down Main Street. Mr. Holcomb was an extremely nice man and always had a smile for all his customers. He greeted everyone as if he'd known them his entire life. And he had a pretty good selection of candy, which made the experience even better.

The only other store I remember visiting in town was Misner's General Store. There wasn't much in there of interest to me, but it was great just getting to walk through and look at the variety of stuff he offered. I don't ever remember going to any other store in that town, with the possible exception of the gas station.

Both grandparents used essentially the same terms when referring to Cherry Valley and Wynne. For immediate or routine supplies, they'd just say, "I'm going to the store." That meant they were headed to Cherry Valley. "The Store" could mean any number of places, but most often it was Holcomb's grocery. If they said, "I'm going to town," that was code for Wynne. For us, that meant a stop at the Ben Franklin's 5 and dime, where we could spend our hard-earned dollars for junk toys that we normally broke before the day was out. I don't recall why they went, but I suspect it was mainly just a treat for us kids.

Cherry Valley was a typical town or village in the rural south. It was quaint, had all the necessities of life, and unlike today the prices rivaled what you found in larger cities. Many of them have died away or are dying because either they are no longer competitive or people have left. How sad.

UNREP/VERTREP:

When a ship is underway there is always a need for more supplies including fuel. Since you are out in the middle of the water you can't really pull up to the shore and refuel or restock. All this is done while underway and is a pretty major undertaking. The two ways the Navy uses to resupply or refuel are Underway Replenishment (UNREP) or Vertical Replenishment (VERTREP).

The supply ship pulls up alongside the ship it is going to resupply and then shot lines are sent over to each ship that are used to pull lines to refuel the ship and to send over supplies. The other way supplies are sent over by helicopter and dropped on the flight deck; which on my ship we normally had both operations going on at the same time. Both procedures include lots of moving pieces and if you are not paying attention it can be very dangerous if not deadly.
