2021 DINNERS AND EVENTS RE-OPENED!

Due to the reduction in COVID-19 cases and a relaxation on social gatherings, the Post leadership decided to re-open events and Dinners this month. We will observe the mandates handed down by our Governor and allow up to 50% capacity for all events.

If restrictions are further reduced or changed in any way, we will adjust as appropriate. We recommend you continue to monitor our website and Facebook page for updates.

Thank you in advance for your understanding and continued support.

Post 209 Family Leadership

FROM THE DESK & MIND OF THE COMMANDER

I recently had the honor to present an award at Doherty High School during their U.S. Navy Junior Reserve Officers' Training Corps (JROTC) award ceremony. This was something new for me, the two high schools I attended did not have a JROTC program. Although I knew about the program, I really did not have a full understanding or appreciation, until that night.

These kids or I should say young adults are dedicated to Classroom instruction that is augmented throughout the year by community service activities, drill competition, field meets, flights, visits to naval activities, marksmanship training, and other military training. Their dedication to service is truly amazing.

I looked around the room at the future of our country, dedicated young men and women, who one day will be the leaders of our free world. Not all of these kids will go on to join the military, some may be a doctor, or a senator, or a non-profit executive; in their own way they will be leading this country to greatness. It is my intent to continue work with the Doherty High School JROTC Program and create an invaluable partnership between the Post and the School.

The programs we work on day in and day out need support from the members like you who have passions to teach, coach, and mentor our youth. If you are interested in any of our children and youth programs please reach out to me and I would be happy to tell you all about them.

Lastly, don't forget the meeting on May 8th is the installation of officers at 5 PM, with a dinner following at 6. We will not have our normal breakfast or monthly meeting following the breakfast that morning. Thank you again for electing me to be your commander. I will try my hardest to ensure this Post continues to be the best in the state!

I would like to take a moment to ask that you pray for the family of SGM Peter Isackson. SGM Isackson lost the battle to his demons this last month and will be greatly missed by all of us. May your legacy live on forever. Til Valhalla Brother.

FROM THE DESK OF THE POST ADJUTANT

2021 elections for AL Post 209 Executive Committee and Board of Trustees, held during the April General Membership Meeting, are over. With only a couple of changes, the Executive Committee and the Board of Directors remain the same.

FYI: Congress passed the American Rescue Plan in March. What does this mean to you? If you are enrolled in the VA and you accrued any co-payments for medical care or pharmacy services after April 6, 2021, you will receive a refund. All co-payments for medical care or pharmacy services between April 6 and September 30 are cancelled. No one seems to know when the refunds will be paid.

I strongly recommend if you are proud of being a member of The American Legion, you make an attempt to come to the General Membership Meetings and help run your Post. We cannot represent you in our decisions if we do not know what you want.

Gerry Hopper
Post Adjutant

FROM THE DESK OF THE SR. VICE COMMANDER

The 2021 membership year is coming to a close and we as a Post are still about 100 members short of our quota from Department. If your membership card does not have the year 2021 on it; your membership expired on Dec 31, 2020. If your card says 2020, please send in your renewal or contact Adjutant Jerry to catch up on your membership today.

The Post is starting to open back up to normal operations and we would really like to see you. Come out to the Post for one of our Friday night dinners. If you have not been in a while or if you have never been to the Post, we would love to see you. Plan on coming out on May 8th for the installation of the new officers for next year and stick around for the dinner afterwards. Next year should be exciting since we should be able to get back to normal.

We will also be having our District Convention on May 2nd at Post 13 in Canon City starting at 11am. Come and meet other Legionnaires in our District and learn what they are doing. The drive to Canon City is nice and you could even take the long way back and go up thru Cripple Creek for another great drive. Department will be holding its annual Training session this year May 14 – 16 at Hotel Elegante here in Colorado Springs. This session is geared toward the new Legionnaire and we will go over topics to learn our history and where we plan to go into our next 100 years.

Thanks for everything you do to help out veterans and our community.

Marvin Weaver, Jr.
Sr. Vice Commander

FROM THE DESK OF THE JR. VICE COMMANDER

I recently received the following email from the President of Veterans and Athletes United and thought it would be worth sharing with you this month.

From: Howard James <veteransau@gmail.com>
Sent: Monday, April 12, 2021 9:00 AM
To: howard82nd@yahoo.com <howard82nd@yahoo.com>
Subject: Support for traveling War on Terror Memorial

I hope this email finds you doing well! We have an all volunteer non-profit, VAU Veterans and Athletes United, and we are looking for veterans interested in helping to travel our War on Terror Memorial dog tag flag.

We completed a fallen heroes memorial in 2018 which is a large 28' wide by 6' tall American Flag designed out of all the dog tags of those who have fallen in the war on terror. More details on the memorial can be found at www.vetsau.com/memorial <<http://www.vetsau.com/memorial>> . It travels to many locations nationwide.

We are based out of Richmond Virginia and right now we are only capable of travelling to host locations East of the Mississippi. We receive numerous applications for the memorial flag west of the Mississippi to include San Diego, New Mexico and many other locations. We are currently looking into building a second rendition of this memorial flag to keep out West and travel to the many Locations where we receive requests. We think that once we designate a couple travel coordinators out West that we could potentially have the memorial flag built within the next 8 months to possibly travel by 2022.

We are currently looking for veterans with a flexible schedule that live out West that may be interested in honoring our fallen service members from GWOT. Responsibilities include travel to great locations and events to set up and break down the VAU dog tag memorial flag (possibly twice a month). And coordinating future events to display the flag. All travel, lodging and meals are covered. We may be able to include a possible stipend for each trip based on donations we receive.

I ask that you please pass along this information to any of your American Legion members. If interested in the position and supporting our mission please email veteransau@gmail.com <<mailto:veteransau@gmail.com>> with your current home of record, your background and any questions you may have.

We appreciate any support and look forward to hopefully expanding our awareness of these fallen heroes and their families.

Respectfully,

James Howard

FROM OUR POST SERVICE OFFICER

Our Post has reached out with assistance to 68 Veterans for the calendar year 2020 and 23 for 2021. You may not be aware, but we have a Post Veterans' Assistance Fund that was first established by our Post's namesake, Neal Thomas, Jr. As of 31 January, we have just over \$5,712 in emergency funds. That may sound like a lot of money, but it goes very quickly when used to assist Veterans for emergency support.

If you would like to donate to keep this fund going, you can mail us a check or go to our Post website at **legion209.org** and click on the "Donate" button. You can enter the term PVAF to ensure the donation is earmarked for this special account. Remember, we are a non-profit charity so your donation may be tax deductible. Check with your tax advisor to find out!

Trivia Night!

Do you want a chance for a free dinner? Or maybe a free beverage?

Do you know what is the longest river in the world?

Do you know what is the largest river in North America?

How about Roy Rogers real name?

What is the President of the United States' address?

If you know the answers to the above and other questions similar to these, or if you fancy yourself a trivia wizard, join us on Friday, 21 May for our inaugural Trivia Night event.

The fun will start following dinner that night. You must be at the Post for the beginning of the contest; late arrivals will not be allowed to play.

Jay Bowen will serve as Emcee for the event; he claims it would not be fair for him to play because he is the self-proclaimed **Trivia Champion of the World!**

This will be a team event; teams can be as small as one person or up to four (4) can play on a team.

Cost to compete is \$5.00 per person.

Even if you don't want to play, come on out and watch the fun! But you should consider competing in the contest. You never know, your dinner that night might be free!

FROM THE DESK OF OUR FINANCE OFFICER

After an amazing effort by Kellie Hayes, who cannot be thanked enough for her hard work, the audit was completed for the period of 7/1/2020 – 2/28/2021. While there were some discrepancies and anomalies to work through, all funds are accounted for and I picked up responsibility for the accounts starting 3/1/2021. There were 16 recommendations made at the end of the audit, of which 13 have already been implemented with the other 3 being considered and/or are in progress.

I am currently learning how the Post's budget has generally been worked in the past, plus all the little things that I never knew that I needed to know – and what a learning experience it has been so far. In the coming weeks I will look at what additions to, or changes in, processes can be implemented to improve efficiencies. One of my goals is to provide a simple way that makes it so everyone can easily understand the overall status of the Post finances. Additionally, I am always willing to provide further explanation or go into more depth should someone need clarification or want to know more. I can always be reached at: finance@legion209.org

While we had quite an impact to the Post income thanks to COVID-19, things are starting to look up a little as the Post is seeing an increase or participation in Friday night dinners and other activities. As I stated in last month's newsletter, the Post definitely needs some fundraisers to help get things back to "normal." Any fundraising idea, big or small, is worth considering so that we can do everything possible to help the Post get back to pre-COVID and continue to grow.

Joel Haas
Finance Officer

WALK OF HONOR

Buy A Brick Fundraiser!

We are re-introducing an exciting fundraiser for our Post. We are partnering with Polar Engraving to offer our members, family, friends, and our corporate Veteran-friendly supporters an opportunity to purchase an engraved brick to adorn our landscaping project we are working. The engraving uses the same technology as used on tombstones so it's extremely durable. Here are some FAQs:

- **What Are We Having?** A Brick Fundraising Event
- **Why?** To Further Funding of our American Legion Programs
- **What Size Are the Bricks?** 4"x 8" or 8"x 8" bricks for individuals, and 8"x 8" or 12"x 12" bricks for our corporate supporters.
- **What are the Costs for the Individual Bricks?** Prices vary depending on size, style and lettering desired, but typically range from \$75 to \$200. For the 8x8 or 12x12 bricks, you can add a second emblem. Contact the Adjutant for ordering details. There is **NO** additional cost for the second emblem on the larger bricks.
- **What are the Costs for the Corporate/Veteran Supporter Bricks?** Again, prices vary depending on size, style, and lettering but typically range from \$125 to \$500.
- **What is the Difference between Individual and Corporate Bricks?** Individual bricks are identified for Veterans, and family members of Veterans wishing to purchase a brick to honor their Veteran. The corporate bricks are for our Veteran-friendly supporters and businesses who wish to show their continued support to our Nation's heroes by purchasing a brick.
- **Is the Brick Purchase Restricted to Members of the Post 209 Family?** No. We encourage members to buy a brick for themselves as a lasting memory of their association with Post 209. We also welcome anyone to purchase a brick for their Veteran loved one, or to show their support to our Veterans.
- **Can I Buy a 12"x 12" Brick for Myself/Loved One?** Absolutely!
- **Where Do I Go to Buy a Brick?** We have a link on our website. Just visit legion209.org and click on "Walk of Honor." Or, you can visit <http://polarengraving.com/ALPost209> to buy your brick. The site is very user-friendly and will walk you through the design and purchase. You will be able to see a preview of your brick before finalizing the purchase.
- **How Do I Pay For the Brick?** We have the site setup to accept payment via PayPal or by check. PayPal is an extremely safe way to purchase a brick and you don't need a PayPal account to use it.
- **Where Will the Brick Be Shipped?** All bricks will be shipped to the Post. We will notify you when it arrives and you are welcome to stop by and see the brick you have purchased.
- **What Will Become of My Brick?** It will be placed near the Flagpole at the Post and will be part of the landscaping design we are working. If you are a landscaper or know a good one (preferably a Veteran), have them contact our Adjutant.
- **How Long Will this Fundraiser Effort Last?** We plan to only sell as many bricks as needed for the first phase of the landscaping project. Currently, that is anticipated to be 600 bricks, but that number may change depending on brick sizes purchased and the final design approved by the Post.
- **Will I Have an Opportunity to Buy a Brick Later?** Quite possibly. It depends on what is decided/approved for the next phase of our project.

Order your brick(s) now to ensure you get one in Phase One of our project. If you buy multiple bricks, let our Adjutant know and we will make certain they are all placed together.

BRINGING A LITTLE SOUTH TO THE WEST

What is it about kids and noise? Regardless of age, there has always appeared to be a direct correlation between a kid and loud noise. The louder, the better it seems.

Babies seem to love hearing themselves scream, especially at a Department Store or Restaurant. And because many parents don't discipline kids these days, the caterwauling goes on and on.

As they get older, the noise continues, but with a different slant. I remember buying the Topps Bubble Gum and Baseball trading cards for a nickel. The gum in the packet wasn't very good, but it served a purpose. It was very thin and ran along the front of the prize; the Baseball card. No one I knew bought the gum for the bubble gum, they bought it to get the Baseball cards.

My buddies and I weren't big Baseball fans, but we knew the value of the cards. It wasn't for collecting or trading, it was to put in the spokes of your bicycle to make it sound like a motorcycle. We'd take a couple of Mom's wooden spring-loaded clothes pins and pinch the pin around the front frame of the bicycle with a Baseball card so that it just slightly touched the spokes. Then as we'd ride, the spokes would cause the card to flap in a rhythm that sounded a lot like a motorcycle. The faster we went, the more it would roar. And if we really wanted to make some noise, we'd put another card on the other side of the frame or on the back wheel frame and make it sound like a large motorcycle. But you'd have to place the cards just right or the spokes would just pull them off the clothes pin.

And speaking of those spring-loaded clothes pins, they made great raw pea and/or corn shooters. We'd take the pins apart, invert one side, tape the back end of the pin, take the spring out and invert it so the coil hung down like a trigger, slightly notch the back curve in the bottom pin, and Voila! You have a pea shooter. You'd need a plunger to push the spring back into the notch, so we'd normally take apart another clothes pin and use one of the two sticks as our plunger.

But I digress. This article isn't about making weapons of mass destruction, it is about making noise.

Even as we got older, we still had to have earth-shattering noise. Our music was loud (but good) and we'd blast it on our radios at home, on our record players (not turntables), and in our cars. We'd turn it to our favorite station on the AM dial (most of us didn't have FM), and crank it up.

And speaking of cars, we had to make noise with them as well. For those who read my articles routinely (both of you), you may recall me telling you about my first car; a 1964 Buick Special convertible. It had 4 on the floor, a small V8, and it was black with a beige top. My Dad went with me to buy it and neither of us realized at the time we bought it that there were baffles, or cut-off pipes coming off the exhaust manifold. There was a cover over the end of the pipes that could be opened with a 1/2" wrench, but the pipes were closed off when we looked at it and bought the car so it sounded normal.

I'll never forget the first time Dad heard my engine with the pipes open. His face got red, veins popped out of his forehead, he glared at me and said, "I don't know what you did to that d**n thing, but you better fix it NOW!" I think I could count the times on one hand I heard my Dad use profanity, but that was one occasion. And it wasn't the last. But that's another story for another day...maybe. Anyway, I'd keep a 1/2" wrench in the glove box and wait until I was about a block away from the house before I'd open up the pipes, then I'd close them off again just before getting home. Man, I loved that noise. It sounded like a Class C stock car.

These days I don't like noise like I did when I was younger. Matter of fact, I will do almost anything to prevent being subjected to loud, screaming noises. That's why I don't ever pick fights with Jackie...well, almost never.
