BULLETIN # 6

29 JULY 1977

PROGRAM NOTES:

We had a busy and productive meeting on July 7. Commander Lonsinger briefed the membership on the Department Convention. Vice-Commander Gaillard briefed on several new legislative items of interest to veterans. And we initiated three new members into the post -- Harold Dannels, Charles Turner, and Norman Avery.

At the meeting on July 21, we were priveleged to hear a very interesting and informative talk on Disaster Emergency Services by Mr Floyd Pettie, County Director of Disaster Emergency Services.

At our meeting on August 4, County Commissioner Thom Foulkes will speak on County Government Organization. The speaker for the August 17 meeting has not been firmed up, but we expect to have County Assessor Millard Port, who will discuss the property tax assessment procedure, a subject of interest to all home owners.

BE AN EARLY BIRD

The new membership year has begun, and we have renewal membership cards for all present members. Bring your checkbook to the next meeting, and stay with us. We would like to make our membership quota by the first meeting in October, and the cooperation of all members is essential if we are to succeed. Let's make our motto for the next few months "Every Member Get a Member."

If you can't make it to the next meeting, mail your check for 1977=78 dues to our Finance Officer at Box 4495, Colo Springs 80930.

REHAB DECALS

By now, all members have received the Colorado Rehabilitation decal from Department. We hope all of our members returned their dollar to Department. This money helps maintain the Department Service Office at the VA in Denver, and supports the veterans service and rehabilitation effort of the department. If you haven't sent in your dollar, please do so. It is a small, but very important, way to help disabled veterans.
